

Biokovo - Ercegovina gradina

"Liquid Sunshine", 6b+

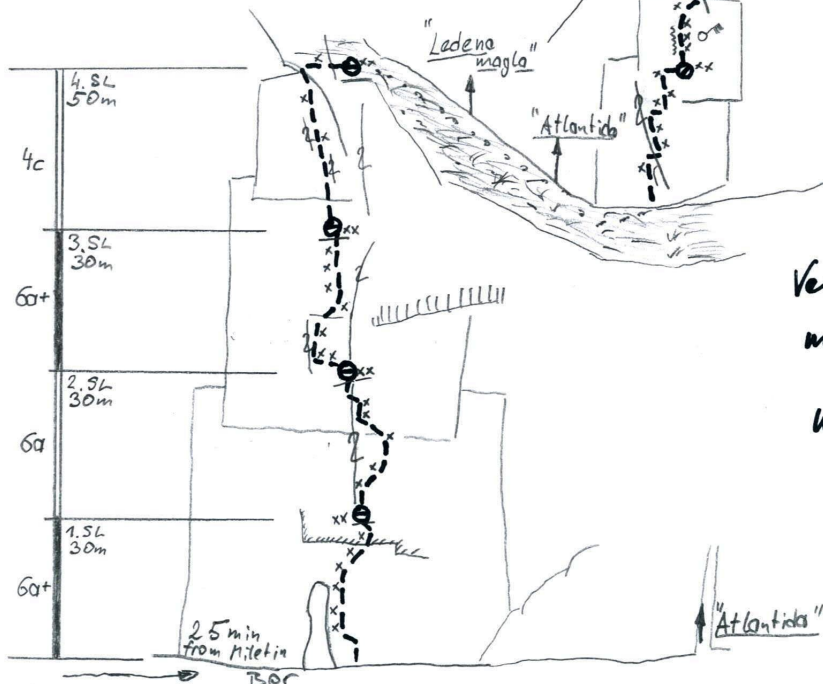

Made by the Austrians

Peter Pesendorfer + Rüdiger Hohenstinner

8+9. Decembar 2018 + 18. May 2019

8 runners and a small assortment of Friends are enough!

The descent from the top is logical and easy. It is not necessary to rappel down! Follow the "Line of weakness" down into the canyon to the Pajevina Wall (~30 min) and then easy back to Miletin Bor (~30 min).

Very elegant climbing in mostly wonderful rock!

We wish you a nice trip!
